

# The 4 Legs of North Shore Cyclists, Inc. Safety Program

Goals

- Reduce crash risk
- Increase number of riders
- Improve rider comfort
- Improve relationship with motorists and communities
- Implement safer cycling infrastructure

**Ride Leadership** – Clearly communicate importance of safety and provide specific guidance

**Riders** – Adopt safe riding practices and educate others through example and communication

**Infrastructure** – Through community, regional and State involvement promote improved infrastructure for cyclists.

**Community** – Educate local officials, law enforcement and motorists on cyclist rights and responsibilities. Promote cycling education and events to increase numbers on the roads.
